

## **The Feedback Cell**

**The Feedback Cell in our college serves as an essential platform for gathering, analyzing, and addressing feedback from students, faculty, and other stakeholders. This cell aims to enhance the overall quality of education and campus life by actively involving the college community in the continuous improvement process. It gathers feedback from students, faculty, and staff through various channels such as surveys, suggestion boxes, online forms, and focus group discussions, ensures the confidentiality and anonymity of respondents to encourage honest and constructive feedback, analyzes the collected feedback to identify trends, strengths, and areas for improvement, prepares detailed reports and summaries to present findings to the college administration and relevant departments and develops action plans based on feedback to address identified issues and enhance academic and non-academic aspects of the college.**
